IT’S IMPORTANT TO CHECK ON YOUR FOOD THROUGHOUT THE COOKING PROCESS.

Times and temperatures of recipes may need to be adjusted based on the size of proteins, amount of ingredients (scaled up or down), and marinades used.

NOTE: The power of higher fan speeds allows for faster cook times and crispier results.

We designed this oven to help you get meals on the table faster.

Tips & Tricks

For sheet pan meals, cut ingredients to the same size.

For easy cleanup, line the sheet pan with parchment paper or aluminum foil.

Place ingredients in 1 layer for dehydrating.

How to minimize smoke

Cook large, fatty proteins at or below 375°F and clean accessories and inside of unit regularly.

Use Roast Tray on Sheet Pan when cooking on convection functions (such as Whole Roast, Air Roast, and Air Fry), or with greasy foods like: whole chicken, chicken wings, bacon, marinated meats, or oiled vegetables.

For marinades containing sugar, honey, or other sweeteners, brush onto proteins halfway through broiling to avoid burning.

Always use recommended oils

For less smoke, use oils with a high smoke point—like canola, avocado, vegetable, or grapeseed oil—instead of olive oil. If you choose to cook ingredients at a higher temperature than recommended, it may result in more smoke and food having a burnt, acrid flavor.

Leveling Up

Multiple rack positions give you the ability to cook family-sized meals on two levels. For guidance on where to place your food, refer to the digital display rack guide.

Maple Rosemary Chicken with Fall Squash

BEGINNER RECIPE | RACK LEVELS 1 & 4 | WIRE RACK, SHEET PAN, ROAST TRAY, AIR FRY BASKET
PREP: 20 MINUTES | MARINATE: 30 MINUTES–8 HOURS | WHOLE ROAST: 55 MINUTES | MAKES: 6–8 SERVINGS

INGREDIENTS

- 2 tablespoons fresh rosemary, minced
- 5 cloves garlic, peeled, minced
- 1/3 cup lemon juice
- 1/4 cup maple syrup
- 2 tablespoons honey
- 2 tablespoons kosher salt
- 2 teaspoons ground black pepper
- 3 tablespoons canola oil
- 1 fresh uncooked whole chicken (5 pounds), patted dry
- 2 medium butternut squash, peeled, diced in 1/2-inch pieces, seeds removed

DIRECTIONS

To make the marinade, combine rosemary, garlic, lemon juice, maple syrup, honey, salt, pepper, and canola oil and mix well.

Coat chicken with half the marinade, either in a walled baking dish or a large resealable plastic bag. Marinate in the refrigerator at least 30 minutes and up to 8 hours.

When marinating is complete, nest the Ninja® Roast Tray in the Ninja Sheet Pan, then place chicken on the tray. For best results, allow chicken to sit at room temperature up to 1 hour before cooking.

Toss squash with remaining marinade, then arrange evenly in the air fry basket.

Install the wire rack on Level 1. Select WHOLE ROAST, select 2 LEVEL, set temperature to 375°F, and set time to 55 minutes. Press START/STOP to begin preheating.

When the unit has preheated, place pan on wire rack on Level 1 and slide basket into the rails on Level 4. Close oven door to begin cooking.

After 55 minutes, check chicken for doneness. Cooking is complete when chicken's internal temperature reaches at least 165°F on an instant-read thermometer.

For best results, allow chicken to rest for 5 minutes before serving with the squash.

HERB & PARMESAN FOCCACIA

PREP: 1 HOUR 30 MINUTES  |  RISE: 60 MINUTES  |  BAKE: 15 MINUTES  |  MAKES: 6 SERVINGS

INGREDIENTS
3 teaspoons dry active yeast
2 teaspoons sugar
3 tablespoons kosher salt
2 cups warm water
6 cups all-purpose flour, divided
1 cup grated Parmesan cheese, divided
4 tablespoons ground cornmeal, divided
2 teaspoons fresh thyme leaves, chopped
2 teaspoons fresh oregano leaves, chopped
1/4 cup extra virgin olive oil, plus 2 tablespoons

DIRECTIONS
1. Place yeast, sugar, salt, and warm water in the bowl of an electric stand mixer fitted with a dough hook. Whisk mixture together, then allow yeast to bloom for 15 minutes.
2. In a separate mixing bowl, combine 5 cups flour, 1/2 cup of Parmesan cheese, 2 tablespoons cornmeal, thyme, and oregano. Once yeast has fully bloomed, set mixer to low and slowly incorporate flour mixture. Allow hook to knead dough for about 3 minutes until a slightly sticky dough ball forms.
3. Once dough forms, transfer it to a floured surface and knead by hand until it is smooth and not sticky. Add 2 tablespoons olive oil to a large mixing bowl and place dough in bowl. Rotate dough ball to cover it in oil. Wrap bowl in plastic wrap or drape with a kitchen towel. Allow dough to rise for 1 hour.
4. After an hour, transfer dough to a lightly floured surface and use a rolling pin to roll it out into a 12 x 11-inch rectangle.
5. Sprinkle remaining cornmeal on pan. Mold dough into pan, pressing down with your fingertips. Brush top with 1/4 cup olive oil.
6. Install the wire rack on Level 3. Select BAKE, set temperature to 400°F, and set time to 15 minutes. Press START/STOP to begin preheating.
7. When the unit has preheated, place pan on wire rack on Level 3. Close oven door to begin cooking.
8. When cooking is complete, remove pan from oven and allow bread to cool before serving.

TIP: Once the focaccia has cooled, it makes a delicious sandwich bread. You can also play with different flavors on the bread itself. Try incorporating fresh chopped rosemary into the dough or topping the dough with thinly sliced tomato before baking.

PREP: 15 MINUTES | MARINATE: 30 MINUTES–8 HOURS | WHOLE ROAST: 35–40 MINUTES | MAKES: 2–3 SERVINGS

DIRECTIONS
1. In a medium bowl, combine yogurt, lemon juice, garlic, parsley, 1 tablespoon salt, and 1 teaspoon pepper, mixing well.
2. Rub pork loin liberally and evenly with the marinade. Place pork in a large resealable plastic bag or a walled baking dish, then cover with any remaining marinade. Seal bag or cover baking dish with plastic wrap and allow to marinate in the refrigerator at least 30 minutes and up to 8 hours.
3. Nest the Ninja Roast Tray® in the Ninja Sheet Pan. When marinating is complete, remove the pork from the bag or baking dish and place it on the tray. For best results, let it sit at room temperature for 30 minutes to 1 hour before cooking.
4. Toss all remaining ingredients in a mixing bowl, mixing well to evenly distribute the oregano and oil. Evenly arrange mixture in the air fry basket.
5. Install the wire rack on Level 1. Select WHOLE ROAST, select 2 LEVEL, set temperature to 400°F, and set time to 40 minutes. Press START/STOP to begin preheating.
6. When the unit has preheated, place pan on wire rack on Level 1 and slide basket into the rails on Level 4.
7. After 35 minutes, check pork for doneness. Remove pork from oven when internal temperature reaches at least 140°F on an instant-read thermometer. Continue cooking vegetables for an additional 5 minutes while pork rests.
8. When cooking is complete, remove basket from oven. Slice pork and serve with vegetables.

INGREDIENTS
- 1 cup Dijon mustard
- Juice of 2 lemons (approximately 2 tablespoons)
- 3 cloves garlic, peeled, minced
